“HyperMotion technology allows us to drive more animations, to react to the player’s reactions and behaviours,” said Michael Schade, Head of Game Technology at EA SPORTS. “We’ve worked closely with the world’s biggest football players, to develop new technology and integrate it into EA SPORTS FIFA.” The feature is now available to download via the in-game menu. FIFA 17 introduces “True Player Motion,” which is made possible through motion capture technology. The feature has long-lasting effects on gameplay, aiming, momentum and ball control. “The faster your runs and pivots, the more speed

and control you have," Schade said. "With the player's acceleration and player stamina, the true player can become the most flexible, unpredictable, and agile on the pitch." FIFA 17 also includes all-new "Creative Control" tools that provide greater post-match creation options for players, clubs, leagues and countries. "Players can more easily shape their creativity," Schade said. "Through sliders, triggers and re-cords, they can control everything from shots to team shapes, goalkeeper dives and more." FIFA 17 is available worldwide for PlayStation 4 computer entertainment system, Xbox One and Windows PC. FIFA 17 and FIFA Ultimate Team introduces the All-Time Team, the largest selection of legends and most famous players ever. Players can edit kits, boots and player names. "The All-Time Team is the biggest selection of the best players ever," Schade said. "With over 10,000 players, you'll get to be part of the team." FIFA Ultimate Team is now available in FIFA 17. Download FIFA Ultimate Team to purchase and customize a player and edit kits, boots and player names. FIFA Ultimate Team is available worldwide for PlayStation 4 computer entertainment system, Xbox One and Windows PC. FIFA 17 introduces "Leading ATS (Assist Tech Shot) System," a new scoring feature that counts assists when a shot goes in-bouncing off a defender or goalpost. This is the first in-game feature to count a pass for an assist. The system allows teammates to score for each pass they receive, with the bonus associated with the lead pass. "We want to challenge players and make difficult goals seem realistic," Schade said. "We've worked

Fifa 22 Features Key:

- New features include in-depth player and manager ratings, improved crowds, enhanced goal celebration system and more clubs to play for.

-
- New player and manager ratings, improved crowd behaviour, enhanced goal celebration system and more.
 - Introducing hypermotion and AI enhancements to player animations and the new touch-based controls, along with matchday routines overhauled to simulate the intensity of real-life football matches. New system also rewards players for a variety of actions, including time on ball, tackles, crosses and key passes.
 - Heavier and faster players retain ball-kicking accuracy and techniques while dribbling for greater fluidity and speed.
 - Player positioning, ball possession, ball drops and skills will have a greater effect on gameplay, while referees move intelligently and with more emotion. The Vision System creates more open spaces for opponents to play through.
 - Introducing improved and more realistic game situations that replicate real-life competitive matches. Tactical situations determine strategy for both attacking and defending, whether you are managing or playing, and scenarios change dynamically depending on the flow of the game. Preparation for both attackers and defenders is more dynamic than in previous versions of the game.
 - FIFA 22 is the most authentic, authentic football simulation on any console, created by more than 200 members of the FIFA community and the PES development team, and reviewed by a global panel of football experts. Intuitive, intelligent and fun.
 - Deluxe Edition - Includes the all-new Career Mode Campaign. Live out the ultimate football fantasy and take your club from the relative obscurity of lower league to the ultimate pinnacle of the game as you create your own club and progress through the divisions - from the local pub team all the way to the biggest superstars of the sport. Retaining the Player Career improvements seen in FIFA Ultimate Team LIVE, Campaign Mode features a more dynamic and authentic playing style, creating more opportunities for you to make the difference at that decisive moment, and challenge yourself against the rest of the world.
 - The **9th International World Class Player** for the position: Zlatan Ibrahimovic.
 - The **13th**

FIFA is the world’s leading sports video game franchise and EA SPORTS FIFA is the official videogame of FIFA. The FIFA series is an annual sports video game

produced by EA Canada and published by Electronic Arts worldwide. It has grown to become one of the world's leading video game series. The FIFA series features EA SPORTS Gameplay, the best footballers, and real-world clubs from around the world. FIFA 18 will be released in September 2017. For more information, please visit: FIFA.com. In the FIFA series you will be able to play free-kick and penalty kicks. Move the players to simulate taking the kicks and set up your team to get the ball through the opening. Press the A button to shoot and the B button to pass. Attacks with the Teammate and Selfie Goals Teammates are put in your squad as your "back-up" with their own unique attacking abilities. With Teammate, the player will run at you from behind the defense and he can score even if you are not directly beside the player. With Selfie, you can score a "virtual" goal by sending the ball to the goal via a photo of yourself, taken on the touchscreen of your console. Expert Defensive, Midfield, and All-Round Stacking A new defensive system has been implemented in FIFA 20. Players will now be able to press Y for Defensive while defending, which will open up defensive options. Defensive option includes four variations for Advanced Defensive. Advanced Defensive is a critical part of controlling the game. You will be able to strategically stack the field by pressing Y+RMB+F while playing the game. Players will be able to strategically choose the level of defensive for different situations, allowing you to control the game in any way you like. There are now a number of team-stacking tools available. You can shift

the entire team (4-4-2, 4-3-3, 4-1-1-2, 4-1-2-1-2, 4-2-1-1-2) individually to create a balanced team to help you control the game. The playable roster is now bigger than any FIFA game in the series. This year's FIFA online players can represent any professional team that exists in the world. You will be able to add up to 4,400 FIFA players to your lineup using a variety of authentic styles and team rosters
