Play ELDEN RING Hello, I don't know if this is the right area to be, but I have a question regarding if this is against the rules of game forums. My friend and I have been playing ELDEN RING on the English version for a while. We had some issues when we entered the Labyrinth because we don't have the Japanese version. Because of that, we can't go beyond Level 5 in the Labyrinth. I was thinking to create a tutorial how to get through the Labyrinth, how to kill all monsters, how to get the Portal and so on. He has already finished all the previous levels and he wants to play the game further. His argument is: I have got all the characters in the game, and I have already finished the main story. I don't want to go through the tutorial again. What should he do? Can he still play without following the tutorial and get the extra character?A: You are right, the contractions/word problems will come with the accent in Italy, esp. in those areas we go to. For example, I rarely say "Ecco una borsa/bagatelle", and what I do say is "Ecco una borsa, /la pulceala!" (or pulcealan, haha). The problem is more that with accents, you can't really know what you're saying if you don't practice. I have a simple theory of the grammar of the Romansh language, which is spoken in Switzerland and northern Italy. In Romansh, there is no accent, just like Portuguese, only the alliteration of the words sounds, a bit like this: At the beginning of the sentence there is the letter l, which makes the sentence difficult, but not impossible. However, once you can make a sentence, the accent is useful, and for this reason in Val Gardena we can easily understand the sentences of the Romansh people even by the look of their faces. In other
